# Empty Campus

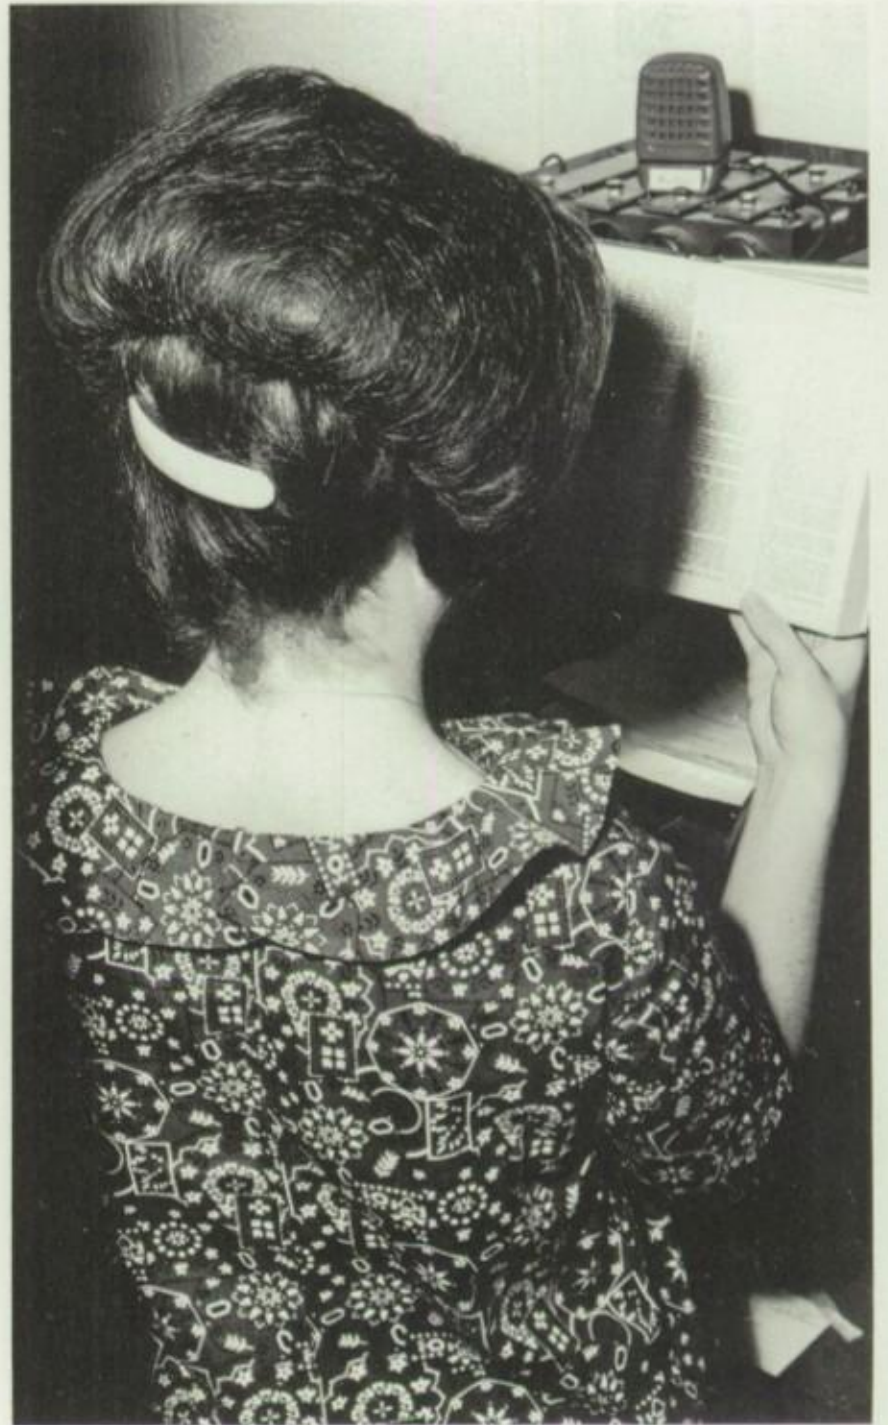

From the first beam of sunlight casting down a giant shadow until the first sprinkle of stars dust on the rooftops, Satsuma High School will have once again passed through another day. Each day brings its eager and anxious students and leaves behind tiny bits of knowledge, experience, and happiness.

These days will later be looked upon with sadden eyes and fond memories. They will recall friendship, light faces with smiles and fill hearts with tears.

The beauty of youth was evident November 18, 1966, the night of the annual Miss Satsuma Contest. The curtain rose three times on a total of thirty-five lovely and poised young ladies. The thirty-five contestants were chosen by popular vote from their classmates.

Another significant title awarded was that of Miss Congeniality. Donna Phillips was chosen by the contestants as being the girl most helpful to every one during the contest.

Excitement filled the stage and audience as Galen Neal read the judges decision "second lady-in-waiting, Miss Nancy Weatherington, first lady-in-waiting Miss Susan Landrum, and Miss Satsuma Miss Paula Milam. # Beauties Share Scholastic Honors

Azalea Trail Maids display original designs in antebellum dress.

Being good ambassadors for Mobile, Cora Macon and Paula Milam out did themselves as ambassadors for Satsuma High School. Both were recipients of scholarships awarded annually to girls in the Azalea Trail Court.

Cora was the winner of a four year scholarship to the University of South Alabama, and Paula recieved a one year scholarship to Mobile College.

The two girls, along with four other representatives from Satsuma High School, were interviewed two days by a panel of prominent local citizens. They were announced as two of the fifty finalist at the Greater Gulf State Fair.

Qualifications for being a member of such an elite group of Senior High girls are high. Character, scholastic ability, personality, beauty and dependability are all prime factors.

Needless to say, these two girls have done their best and will continue to project their best image of Mobile and Satsuma High School.

Serving as varsity cheerleader for three years, Nancy Cox was elected by her fellow squad members as outstanding cheerleader. She was selected on the basis of pep, skill, and contribution to the squad.

# Juniors Present Annual Play

"The Thread That Runs So True" was a three act drama excellently presented by the Junior Class.

Jesse Stewart, a young lad of 18, arrives in Lonesome Valley ready to teach at Lonesome Valley Rural Schoolhouse. Upon his arrival, he is greeted by Mr. Conway, head of the Schoolboard and finds he will get no support from the board for the school. Still wanting to teach, Jesse opens the school.

Don Conway, along with his sister Vaida, are among his very first students. Jenny Jarvis, who is eight, is his youngest student, and sixty-five year old Grandma Binion is his oldest.

Jesse is a grand teacher, and the students immediately take to him. They learn fast, teacher and students, and before promotion enter the Scholastic Contest. Winning the contest is a great victory for Lonesome Valley.

The Junior Play cast sit still and quiet, for once.

Jenny Jarvis, first grader, proudly shows her "picture book".

Grandma Binion spells "psychologically" wrong in the contest, but Lonesome Valley wins the contest anyway.

# Seniors Produce Top Performance

Mrs. Dungan, director, briefs the cast on the play and its happenings.

"Beverly Hills is the name," states Miss Hills as she pushes her way into the room.

James and Jim have it out as the Colonel and Bill look on.

A case of mistaken identity--but the entanglements that evolve make this one of the most hilarious and fast moving farce comedies in "many a moon." Amy Anderson wants to surprise her young husband by arriving at the new apartment he's rented, a day earlier than he expects her. However, the numbers on the apartment doors have gotten mixed up, and she enters the apartment belonging to another Mr. Anderson, a young engineer who is also expecting his wife to arrive. When Jim comes home and sees Amy, he jumps to the conclusion that she must be a mysterious woman that he had met in a storm the night before; a woman who (he thinks) is part of a conspiracy to hold him up and relieve him of his wallet. He believes she is here to blackmail him and he is afraid of what his wife will think if she should find Amy on the premises. His suspicions seem to be verified when he sees Amy with the wallet which was stolen from him. But Amy had previously received this from the "woman in the rain" a singer by the name of Beverly Hills, who thinking that Amy was Jim's wife, returned it to her. Then Mary, Jim's wife arrives--and from there on no amount of description can do justice to the wild mix-ups that ensue, and even the local sheriff finds there are just TOO MANY ANDERSONS!

Diane Mann, Randle Harwell, Susan Cook, Randy Calder, Gwen Hall, David McGahagin, Janet Wicke, and Ricky Kilpatrick.

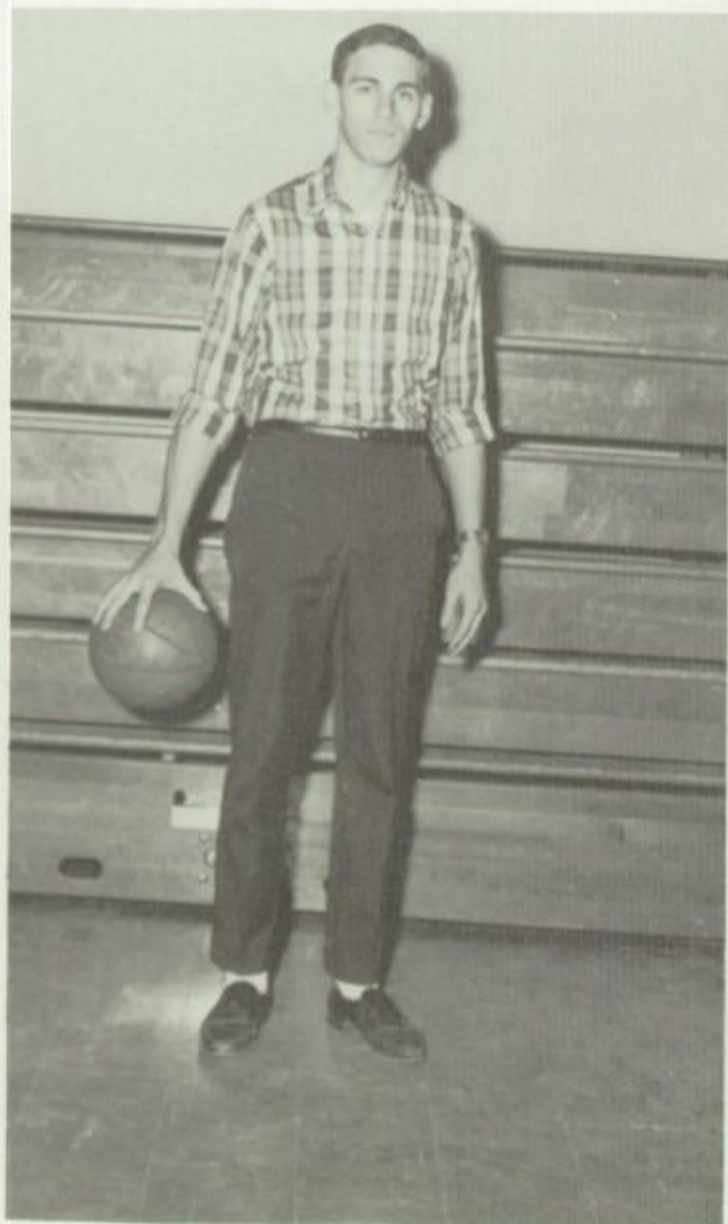

Upon finding a second Mrs. James Anderson, Mary faints from shock!

# Students Excel In Various Fields

Members of the 1966-67 Varsity Basketball Team elected Tommy Grace as this year's outstanding basketball player.

Three students from Satsuma, Renee MaCory, Elaine Morris and Linda Mays were chosen to be a part of the Honor Band. Students from all Mobile County High Schools tried out, and those who were given the highest ratings by the judges were given a position in the band.

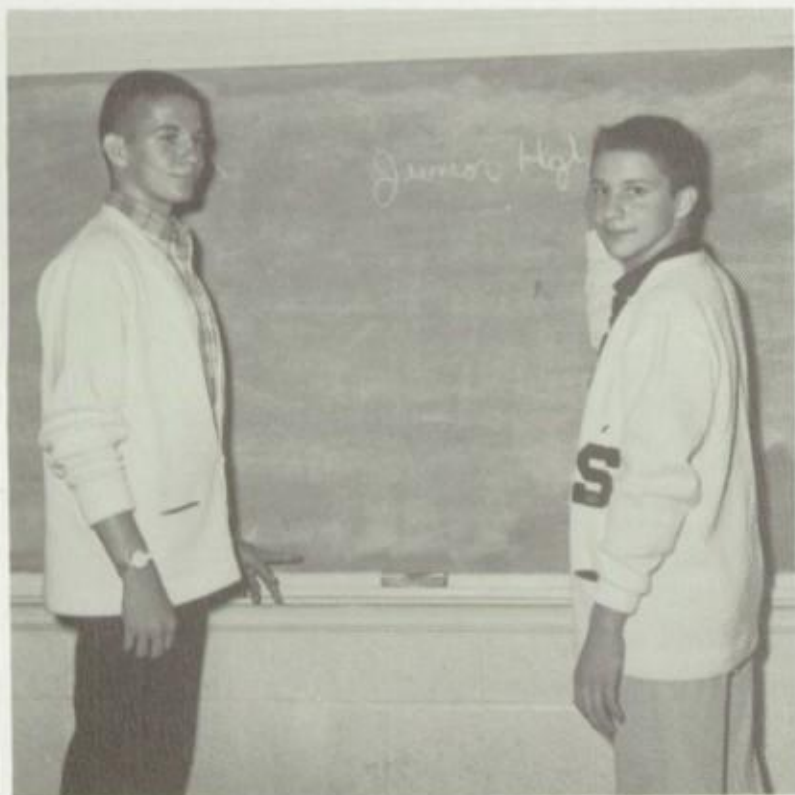

William Lowery won approval from the Marine Engineers Beneficial Association for an all expense paid training program. The program includes one year of specialized training on New York campus plus an additional year to apply techniques learned. Approval was based on high school records and recommendation from school officials.

Corky Thomas, senior, was elected as outstanding football player. Corky was also a member of the All Conference Team.

# Improvement Is Staff's Goal.

Kenny Daniels and Leonard Prichett, write headlines.

The Satsuma Herald, a paper published by the eighth grade, is focused mainly on Junior High activities. The staff strives to make it interesting to all Junior High students. Its contents include editorials, jokes, personality write-ups, sports, and current events around the school. The sponsor, Mrs. Stanley, proof-reads the paper before it is sold to the students. The money earned by the staff is turned over to the library for buying new books and for binding the old ones.

Marsha entered the General Mills, Inc. Contest with a written essay and questionnaires in conjunction with the contest.

The contest was centered around the theme, "Homemaking and the Career Girl" Marsha was presented a charm by Mr. Faulk in recognition of her achievement.

Tuscaloosa was the scene for the 11th Annual Conference on Citizenship sponsored by the Business and Professional Women of Alabama.

This year representing Satsuma were two Juniors, Lynda Gafford and Jimmy Tew.

Centered around good citizenship, the conference delegates met to discuss what students could do to promote citizenship. The discussions concluded that students should join extra-curricular activities. This would provide needed experience in voting and leadership qualities.

Winning a scholarship this summer at Texas State Women's College has assured Susan Landrum of a college education.

Under a new faculty sponser, Eva Hendrix, editor, Nancy Cox, and staff have spent many sleepless nights and Saturdays working to come within these deadlines.

The CAYMAN STAFF is becoming known around campus not only for meeting deadlines and its annual publications, but also for its presentation of the teacher talent show and the student teacher basketball game. Each assembly went toward new additions made to the CAYMAN by the staff.

# School Spirit And Enthusiasm

Cheerleaders lead yells during time-outs of basketball games.

Seven sophomore, junior, and senior girls led the student body in spirit to top all previous years. Beginning work as soon as they are elected, the girls practice, raise money, and work together to become a precise squad.

Featuring skits, pom pom routines, and pyramids, the "spirited seven" added new variety to pep rallies and games. To encourage school spirit, they sold pep ribbons before the games. Victory signs and goal post decorations also contributed to give the maroon and white the extra push needed for great school spirit.

In the 1966-67 3-A Tournament at U.M.S., the Satsuma Gators came out with top honors. Through a lottery system, the Gators received an extra game. Not only did the team gain victories over top-seeded teams, but also placed two players, Tommy Grace and Galen Neal, on the All-Tournament team.

In the first tournament game, the Gators downed Choctaw County High 69-54. The top seeded Baker Hornets suffered defeat in the second night of action. With a 59-54 score, the Satsuma team pulled through once more.

The third night of competition, U.M.S. Cadets gave way to the tough Gators. In a neck to neck battle, the Gators defeated the Cadets 43-42. The B.C. Rain Raiders handed the Gators their first defeat in the final night of the tournament. The Gators brought home a second place trophy.

Tommy Grace and Galen Neal won recognition for the Gators by being named to the All-Conference team.

## 12 - 15 = 13

Start with 12 trees — harvest 15 — end up with 13! That's a miracle in anyone's book and yet that's just what the South has done in 25 years.

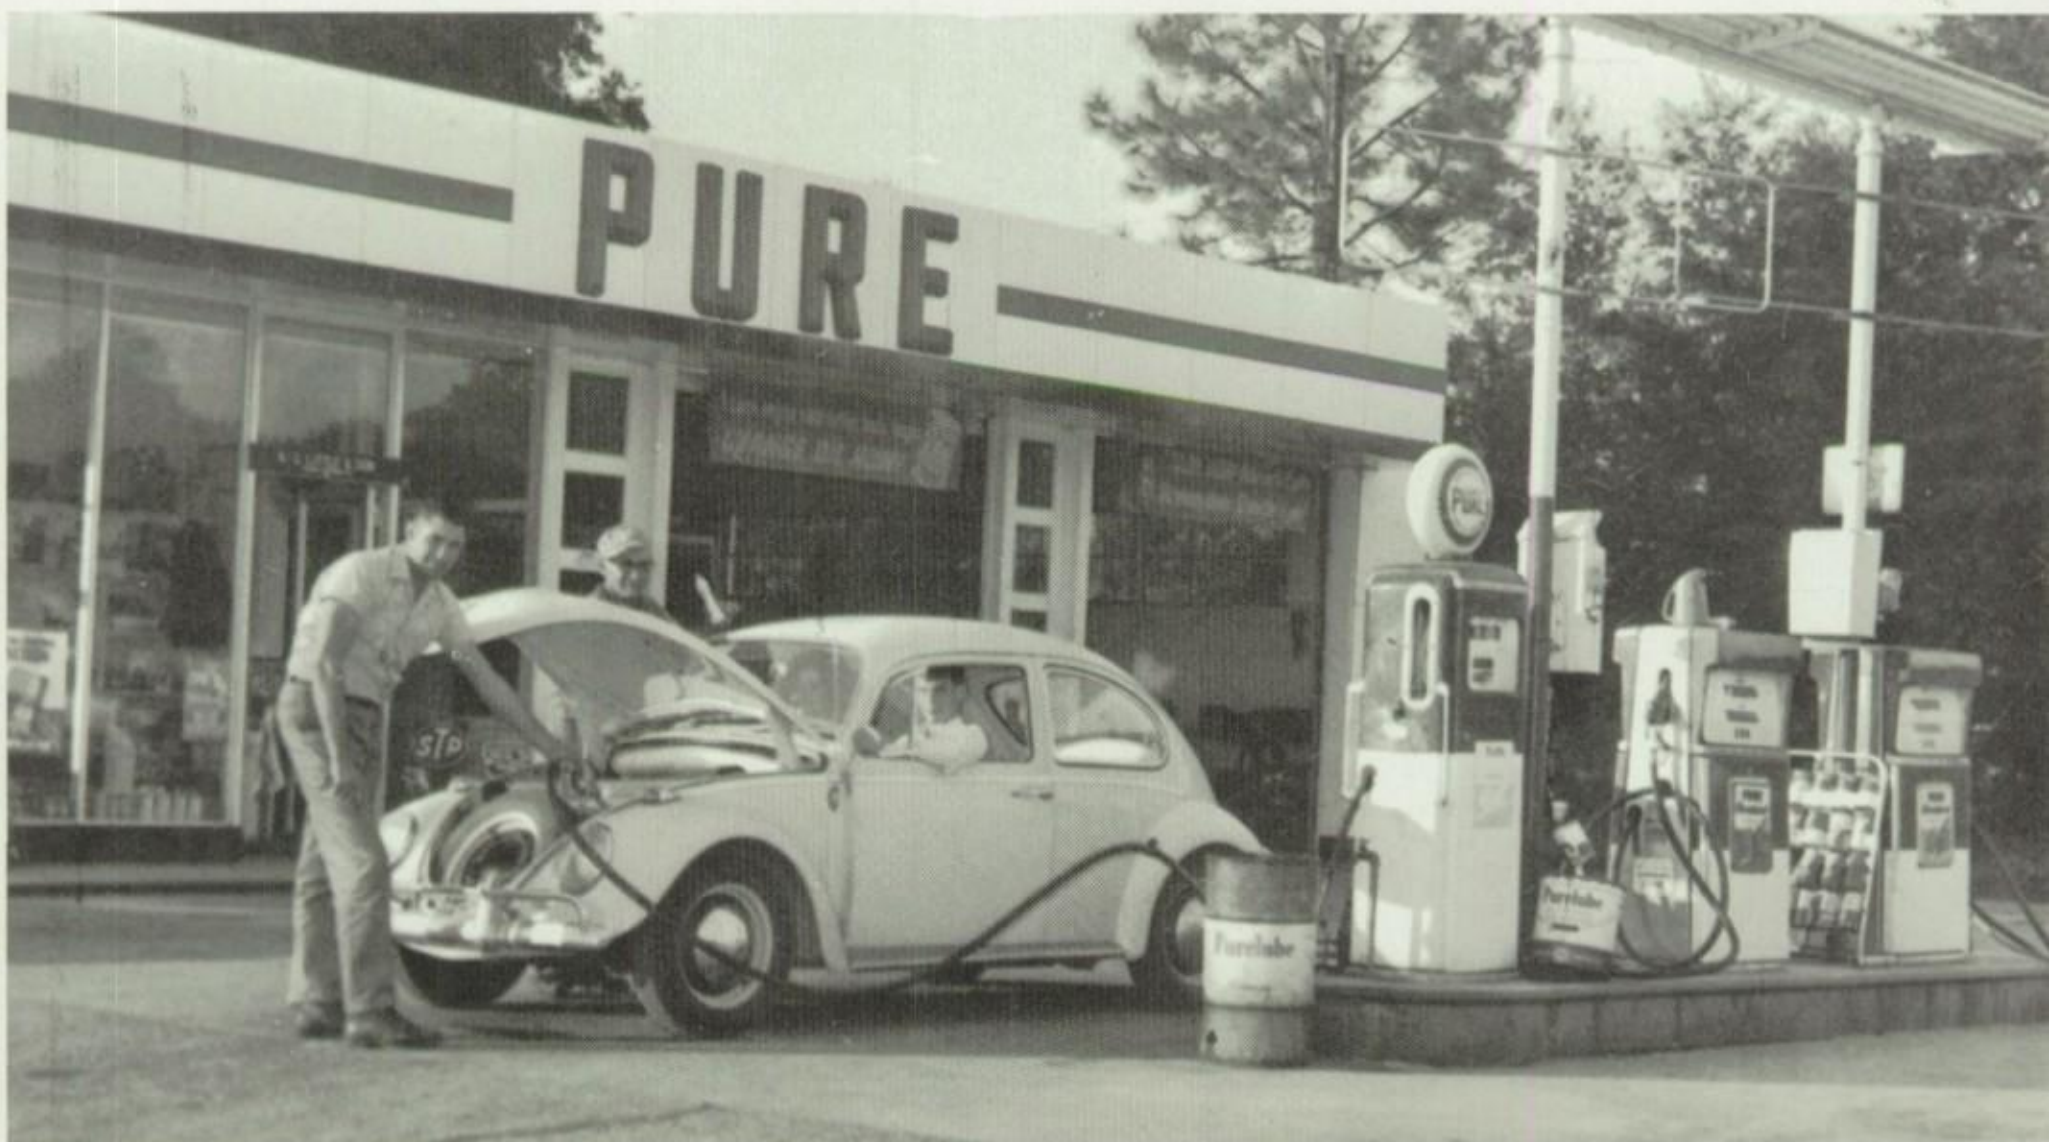

In 1935, Southern forests contained 120 billion cubic feet of wood. Since then, 147 billion cubic feet have been harvested. But these forests still contain more than 131 billion cubic feet — nine per cent more wood now than before that mammoth harvest.

I-P is proud that its foresters played a key role in this miracle of reforestation. Now they are meeting new challenges — like managing timberland for such varied purposes as watershed protection, hunting, and public recreation — or, using forest geneticists to develop improved strains of pines — or conducting complex economic studies in order to realize the greatest financial return from each acre of timberland.

This is truly modern forestry and it demands an ever-increasing number of college-trained men skilled in the latest technique of their profession.
